“The sun become metal,  
light become matter,  
intellect become mosaic.”

Gold is the value of the idea.  
A tangible metal that we measure  
by intangible value.

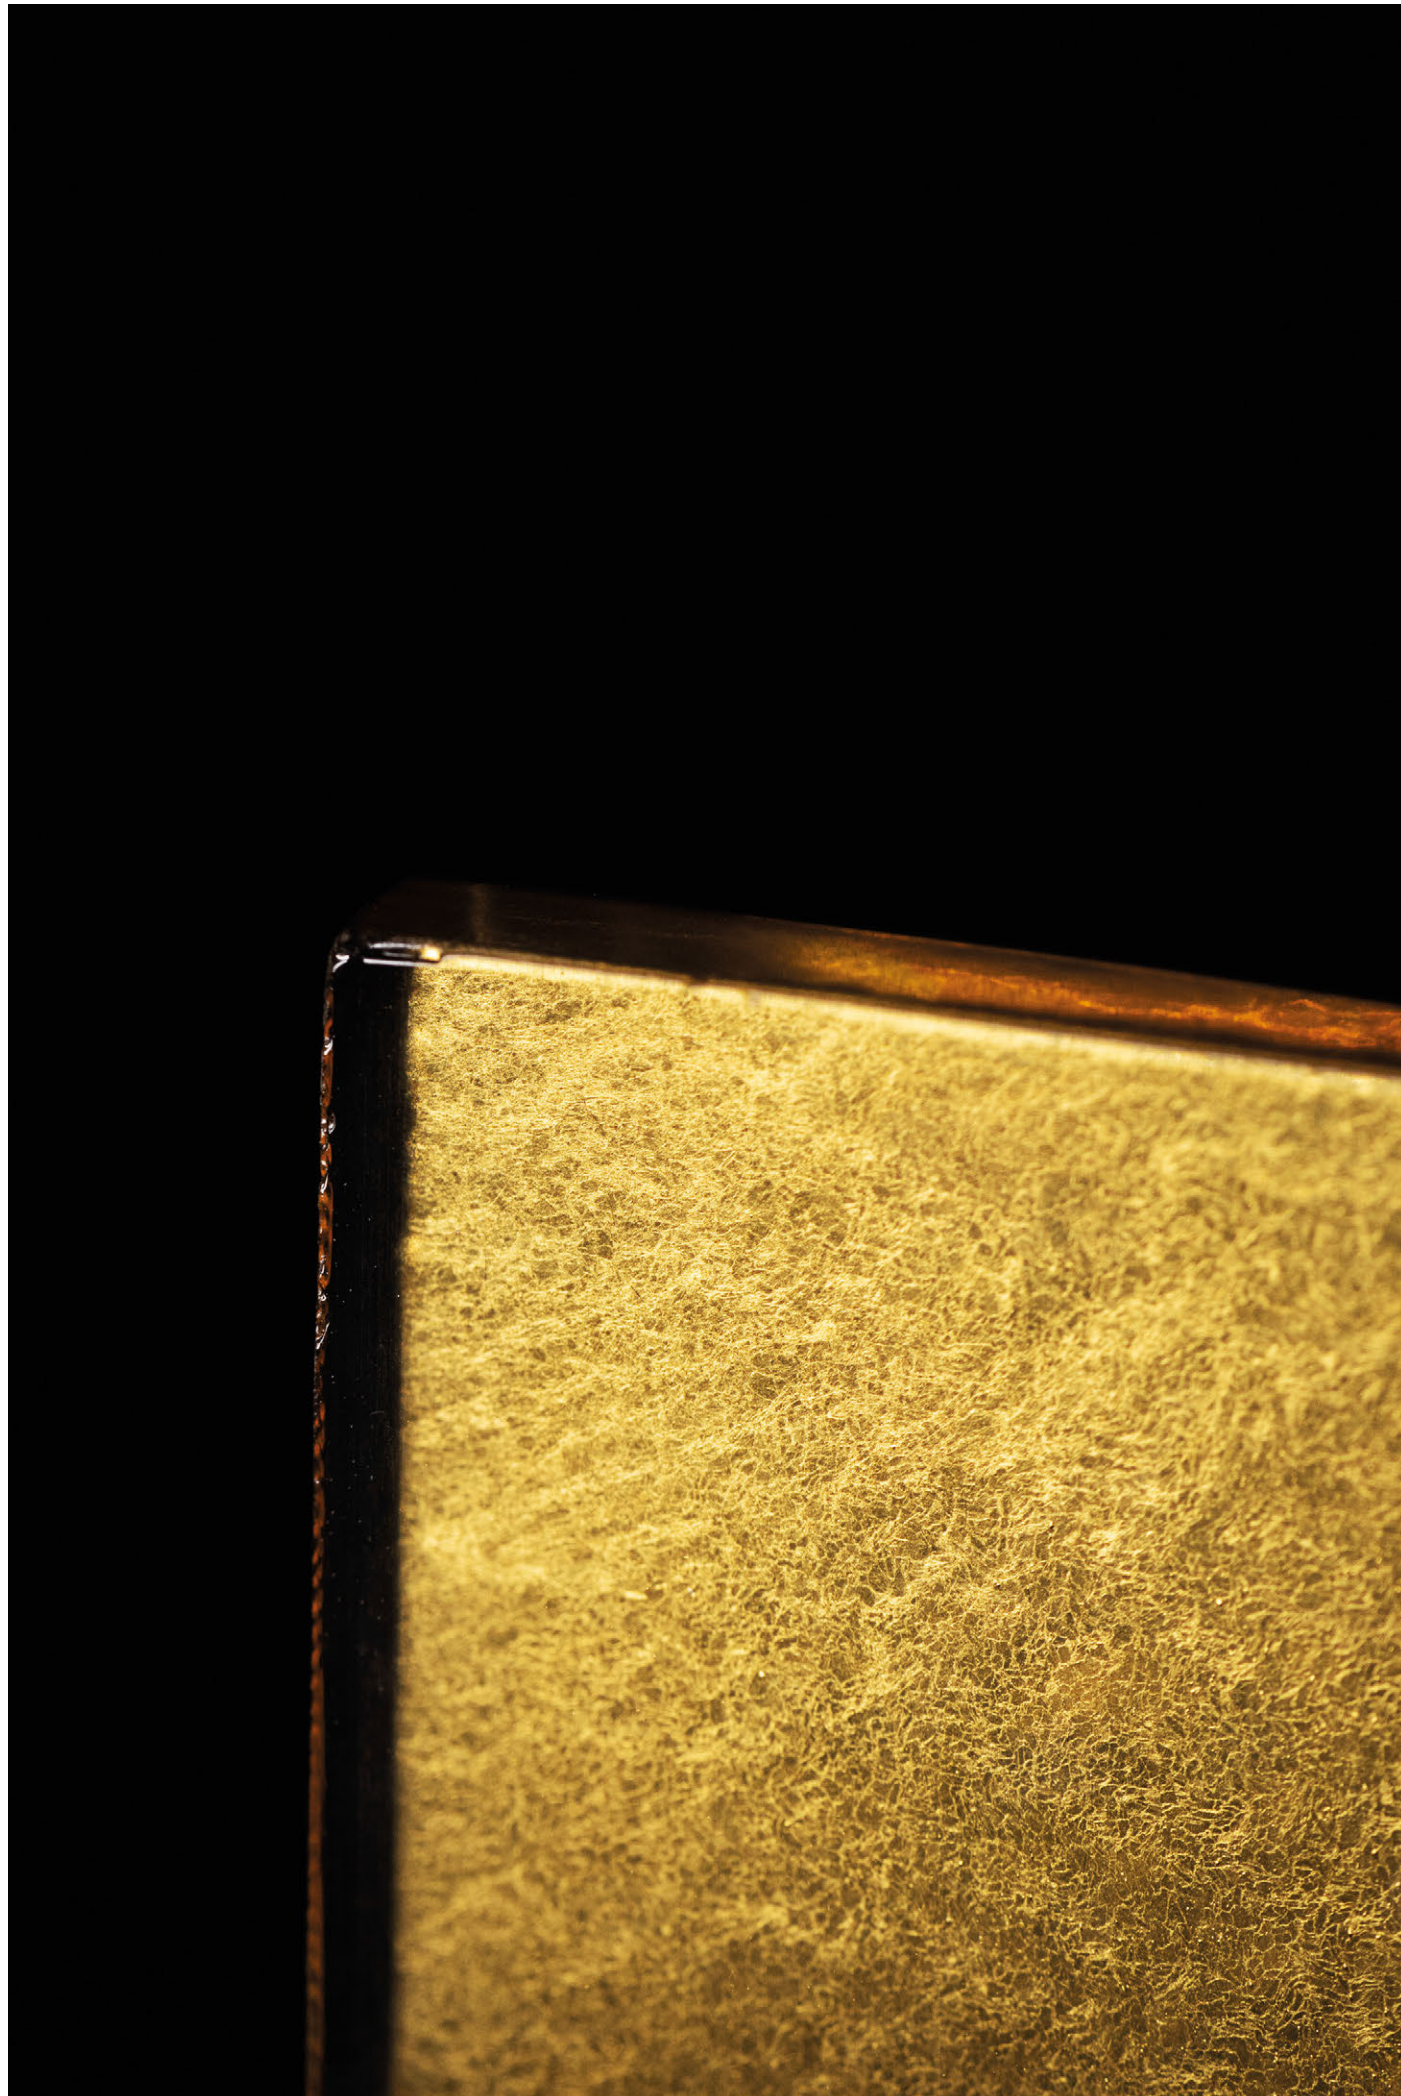

# Golden Dreams

A collection of pure 24 carat gold mosaics.

Avant-garde design that makes it possible for a pure and noble element such as gold to take form and function, giving light and value to unique spaces worthy of admiration.

12 references of 25mm tesserae made from cast 24 carat gold, rolled in sheets and wrapped in a protective layer of glass.

Golden mosaics that you can use to make special combinations, personalising each design and making it more your own than ever.
